Ankita Pramanik

I am a college student with a strong passion for technical skills, especially in the field of IoT and cloud computing. I believe that hands-on experience is crucial for true understanding and growth in this domain.

OBJECTIVE

Gaining hands-on experience and understanding the concepts more deeply at the ground level.

  Kolkata,West Bengal

EDUCATION

FUTURE INSTITUTE OF TECHNOLOGY
Depertment – CSE
Year – 2nd
Sem – 4th
Batch – 2023 – 2027

LANGUAGE

- Bengali
- English
- Hindi

CODING SKILLS

- C
- C++
- Python
- CSS
- HTML

EXPERIENCE

SMART BENGAL HACKATHON
2/05/2025 – 03/05/2025

Our topic was – Smart segregation bin

Our solution -
We created a smart waste bin that uses a camera and sensors to detect and sort waste automatically. I managed the entire IoT system for this project.
